LAWRENCE PHILBROOK

TOWN CLERK 1920-1975

SELECTMAN 1922-1955

Lawrence Philbrook was born and raised in Shelburne where he was Town Clerk for fifty-five years and a Selectman for thirty-three. He was interested and active in County and State affairs as well as those of his own community.

Locally, Lawrence had served as School Clerk, member of the School Planning Board, Town Budget, Memorial Forest and Bi-Centennial Committees and town chairman of Civil Defense.

In the County, he served as Secretary and Treasurer of the Coos County Farm Bureau; Chairman of the County Extension Service Council; Chairman of the Rural Area Development Committee; Vice-President, Director and Councilman of the White Mt. Region Association. He was also a member of the County Fire Wardens Association and the Coos County Forest Advisory Board.

Continuing to widen his interest and activities in civic affairs, Lawrence was a charter member of New Hampshire Tree Farm and President of the State Fire Wardens Association. He also served on the Governor's Committee of Mr. Washington Study, Governor's Committee for Roadside Improvement, and was a delegate to the Constitutional Convention. His activities also included County Vice-President of the Society for the Protection of New Hampshire Forests and Coos County Delegate to the State Fire Wardens Association.

Other committees he served and offices he held during World War I and II were with the Red Cross, Food Administration, War Bonds and Selective Service. Later there was the Governor's State Committee on Natural Beauty, the County Convention and the Republican State Committee.

Lawrence had a deep concern for the betterment of his Town, County and State and served them well and faithfully for fifty-five years.

LIBRARY REPORT

1974

Many things have changed during 1974; one of them however was not the Shelburne library! Once again, the library maintained its weekly schedule opening each Thursday at three and closing at five. Once again, the number of patrons remained consistent at 67. Fortunately, there were a few subtle changes.

In 1973 the focus of the lendings appeared to reflect an adult interest in fiction and non-fiction texts. This adult patronage dropped a bit in 1974 (38 in '73 to 31 in '74) with the reduction being balanced out by an increase in juvenile participation (29 in '73 to 36 in '74) returning our actual lending patronage to the initial 67.

Perhaps not so obvious to those not familiar with library procedures was the slow transition of the library focus from an adult reading library to a child centered resource facility. In 1974 the library increased the child oriented reading material loans by about 50 percent growing from a 1973 figure of 234 to a top figure of 389 texts in 1974. While the juvenile circulation swelled our adult lending dropped considerably (in fiction we went from 320 to 289). We did, however, record an increase in the adult non-fiction reading requests thus supporting our 1973 goal of providing more and better adult non fiction material.

As in 1973, Shelburne was once again blessed with frequent Bookmobile visits. As you can guess, bookmobile loans have also grown with the emphasis once again placed on the juvenile reading material (1,425 loans) and adult fiction and non-fiction (324 and 500 loans respectively). All in all, the bookmobile lent our residents 2,249 texts during 1974 representing an increase of 236 over the previous year.

The trustees of the library would like to sincerely thank Mrs. Laurence Hopkins and Mrs. Mercy Gerrior for their generous gifts to the library holdings. Gifts such as these help us further meet the reading needs of our residents. The trustees would also like to thank Margaret Merrell for her dedication to the reading pleasure of our fellow neighbors. Miss Merrell worked tirelessly as the town librarian serving the needs of adult and child alike.

In closing, the trustees would like to thank all of our patrons and we wish to encourage everyone to stop in and see what we have to offer for your reading pleasure.

Respectfully submitted,

CAROLYN DuBOIS

REPORT OF SHELburnE FIRE DEPARTMENT

Activity Report for 1974

During 1974, the Shelburne Fire Department responded to five fire calls and held twenty three meetings. These figures are the same as for 1973.

The meetings were mainly for routine maintenance and general discussion. Exchange meetings were held with the Gorham Fire Department to enable our firemen and Gorham's to become familiar with the equipment, methods and procedures of each department.

Several items were added to each truck to improve them, such as flasher lights, booster reel and hose and other fire fighting gear.

A complete inventory of equipment was taken and additional items were purchased, among them being boots, raincoats, gloves, nozzles, wrenches and hose. The department purchased a surplus five hundred gallon per minute Chrysler powered pump identical to the one already in service on the G.M.C. fire engine.

The new hydrants started last year are all in operation and were tested during the year and found to be satisfactory.

One meeting was devoted to pumping and hose laying drill. This was done on the village road using water from Clement Brook. This was a valuable session which enabled the firemen to gain experience in the use of the equipment.

It was agreed by the members of the department to officially recognize the Junior Firemen and allow them to engage in limited fire fighting activities with parental consent. These young men have proven valuable at many fires as well as during work sessions. They have shown a high degree of interest and ability. They will be a valuable asset to the Shelburne Fire Department.

Several non fire fighting services were performed by the department. Brush was burned at five locations in town and two swimming pools were filled.

We would like to thank all the people and departments with whom we have worked, and the people of Shelburne for their cooperation and support during the year.

Respectfully submitted,

MYRON MAIN, Chief

REPORT OF FOREST FIRE WARDEN

All open burning when the ground is not covered with snow is controlled by the Town Fire Warden in cooperation with the New Hampshire Forest Fire Service. Anyone wishing to kindle a fire out-of-doors when the ground is not covered with snow must have a written permit signed by the Town Forest Fire Warden. If the fire is to be kindled on land not owned by the person kindling the fire then he must have the permission of the landowner. No outdoor fires can be kindled between 9 A.M. and 5 P.M. unless it is raining, without the additional approval of the District Forest Fire Chief.

In 1974, \$360.00 was raised at Town Meeting for the maintenance of fire trails. A crew of two men worked a total of nine days. Approximately 18 miles of fire trails were cleared.

Several illegal fires were reported and investigated. One lighting strike was also investigated.

REPORT OF THE PLANNING BOARD

Your planning board has had a very busy but rewarding year, covering several areas of concern.

We have seen a great deal of improvement in the removal of junk cars because of the efforts of Norman Robinson.

The board received and approved subdivision applications from Roland Hayes and Howard Lowell.

We worked with the selectmen regarding future planning as it applies to town needs in the years ahead. One such meeting was used to complete a questionnaire from the North Country Council regarding present and future recreational needs.

One important function of the board is to obtain feedback from the town citizens regarding their zoning and subdivision regulations. These suggestions, coupled with an awareness of legislative changes on the state and federal level were responsible for the proposed changes regarding mobile homes which the town will act upon at town meeting.

A great deal of time has been spent on the new National Flood Insurance Program. Board members, along with the selectmen, have attended two informative seminars, had several meetings with the North Country Council officials, numerous local meetings and two public hearings. This information will be presented at town meeting for you to act upon.

Gorham Sand & Gravel Inc. sent two representatives to one of our meetings to explain their plans for property they own on the North Road. This kind of cooperation helps to keep the Board informed and to eliminate disturbing rumors.

The Board's budget was used to purchase town base maps needed for the Flood Insurance Program, to cover costs of public hearing notices, and the reproduction of a small quantity of the zoning and sub-division regulations.

NORTH COUNTRY COUNCIL

The North Country Council (NCC) is the official planning organization (RSA 36:45-53) for the North Country. The Council undertakes area-wide planning programs, when appropriate, and provides community planning services and information to Towns. The Council's Board of Directors, two representatives from each of the 19 Member Towns, determines the work program and budget.

During 1974, the Council completed an Economic Base Study assisted 30 Towns in solid waste by organizing site inspections and planning by providing information on volume, cost and transportation of solid waste. The Council also prepared a model Town Kit Fact Book, and a model flood district ordinance. The Council is preparing a Public Transportation Plan for the North Country and has submitted an application to the Federal Highway Administration for a rural transportation demonstration project. NCC has updated the State's Outdoor Recreation Plan for the North Country. This enables communities to maintain eligibility for federal funds. The Council has sponsored meetings and conferences on flood insurance, solid waste, land use, and septic tank disposal.

While working in the Town of Shelburne, the Council has provided assistance in the following areas:

Provided information on Solid Waste Management and production figures.

Arranged site inspection of potential landfill site with local, state, and government officials.

Worked with Planning Board to amend zoning ordinance.

Attended Public Hearing on zoning ordinance, and informational resource.

Met with Planning Board to give assistance in meeting eligibility requirements for Flood Insurance.

Attended Public Hearing on Federal Flood Insurance Program as informational resource person.

Worked with a sin-town committee on Solid Waste.

What's in store for the future? NCC hopes to continue its work with the Town by providing an on-going program of planning services and information in order to help the Town cope with potential growth. NCC is developing legal information on land use which is available to Member Towns. The Council is also a point of information and assistance for potential sources of federal funding. In conclusion, the North Country Council hopes to continue working on a regular basis in areas of local and area-wide concern.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of the Town of Shelburne:

It is the purpose of my report each year to acquaint you with the events of the past year and to provide you with some insight into the coming year, particularly as it pertains to new programs and changes which are planned.

New Programs

New programs for the current year number three in all. The first of these is "Operation Go" which is under the direction of Mr. William Bentley. This program which is really an offshoot of the Outward Bound Program found in all states of New England provides for two week segments of time for groups of 10 students. Some 16 groups will have gone through the program by June, 1975, for a total of 160 students. Each of the two-week sections differs throughout the year depending on the reason and the interest of the students. The purpose of the program is to get students interested in our natural environment by exposing them to various activities such as hiking, bicycling, mountain climbing, canoeing, and other outdoor activities which lend themselves very naturally to the area in which we are located.

The ISCS science program is another program which was begun in Grade 7 this year. This program provides a hands on experience for all Grade 7 students on an individual basis and develops in each a sequence of science skills essential to their learning in the area of science. In 1975-76 Grade 8 will be added to the program completing the 2nd year of a two-year experience.

Reading is a third area which has been added to the Junior-Senior High School during the current year. In the past reading instruction as such ended in Grade 6 (even though there were many students who could have benefited from an additional two years). Though we do not offer reading to everyone in Grade 7 & 8, those who need it most are provided with the opportunity

to take reading to advance their skills to the level needed to complete high school work. In the future it is hoped reading can be extended to the High School as part of a program everyone will be required to take regardless of their curriculum.

Warrant

The school warrant holds only two articles which I wish to bring to your attention. The first of these is No. 4 which calls for the replacement of Mr. Dore to complete the remaining year of his term. Mr. Dore has been a dedicated school board member on your behalf over the years and as such deserves the best wishes of everyone. Hopefully we will be fortunate enough to find a good replacement.

The second article is No. 7 which calls for the election of a member of the S.U. No. 20 Staff Development Committee. This is for a three-year term on the Committee which perhaps in the long run will represent one of the most influential committees in our six towns. This Committee, composed of 15 members, will be instrumental in not only recertifying teachers in our Union but will set long-term goals for and the direction of education in our schools for the foreseeable future. In the selection of an individual to represent Shelburne, it is essential that the person be someone truly interested in education in our area.

Tuition

Tuition continues to be the greatest expenditure from year to year and continues to represent the largest increase item in each annual budget. Sometime this increase is due to the number of students but most frequently it is due to increases in the tuition rate. What has happened to tuitions can easily be seen in the figures below:

	Kindergarten	Elementary	Jr. High	Sr. High
1972-73	\$302.00	\$605.00	\$ 895.00	\$1,015.00
1973-74	340.00	661.00	920.00	1,050.00
1974-75	410.00	820.00	1,005.00	1,170.00
1975-76	411.00	822.00	1,148.00	1,343.00

With inflation such as it has been in recent years and with projected decreased enrollments in Gorham in the future one can expect even greater increases in the future. Whether this will actually be the case or not no one can be sure. However, the future does not look too bright at this time.

Budget

The proposed 1975-76 budget represents a substantial increase over the present year's budget. Most of the increase, approximately \$10,000.00 may be found under tuition. This is both due to higher rates and more students expected in the fall.

1975-76	Proposed Budget	\$67,833.69
1974-75	Budget	<u>57,411.81</u>
	Increase	\$10,421.88

This represents an increase of 18.2% over the present year. Needless to say that is substantial and represents a large increase in the tax rate for another year.

New Bus

The new school bus ordered in March of 1974 has not arrived as of the time of this report. Hopefully it will have been received by the time of the annual meeting or sooner. Presently it is scheduled for delivery on February 7. However, should there be a delay, one which would take us beyond March 1, we can expect a substantial increase in the purchase of the bus which could be as great as \$1,500.00.. Should this be the case the District would not have the funds to complete payment within the present budget.

In closing, I wish to express my thanks to the Chairman and members of your school board, the school district treasurer, the census taker, and others who have helped provide Shelburne students with a good education during the past year.

Respectfully submitted,
ROBERT BELLAVANCE
 Supt. of Schools
